Tutoring Experience

Over the past 16 years, I have helped students excel in A-Level French, guiding them through advanced topics such as French literature, essay writing, and oral exams. My experience also includes teaching IB and IGCSE French, where I've supported students in mastering both language skills and cultural insights.

My work has spanned private tutoring and collaborations with international schools in the Netherlands. I have consistently helped students achieve top grades while fostering a deeper appreciation of French culture and language. Many of my students have gone on to study French at top universities across Europe.

Additionally, I've organised language workshops and cultural immersion programmes, helping learners connect their academic studies to real-world applications. This holistic approach has enabled students to confidently navigate their exams and use their French skills beyond the classroom.
