🎓 Experienced Tutor | Universiti Teknologi Malaysia | MSc in Physics

I earned an MSc in Physics from Universiti Teknologi Malaysia and a BSc in Applied Physics from Universiti Sains Malaysia. With 11 years of teaching experience, I focus on A-Level Physics while also teaching IB and IGCSE students. My expertise spans mechanics, thermodynamics, and quantum physics, ensuring students build solid foundations.

Teaches: A-Level Physics IB Physics IGCSE Physics

Curriculum: A-Level IB IGCSE

## Qualifications

**Universiti Teknologi Malaysia:** MSc in Physics (2012–2014)

**Universiti Sains Malaysia:** BSc in Applied Physics (2008–2012)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

I began my teaching career 11 years ago, focusing on A-Level Physics and later expanding to include IB and IGCSE Physics. My expertise lies in helping students master complex topics such as electromagnetic waves, thermodynamics, and quantum mechanics. I've worked with students preparing for competitive exams, ensuring they achieve top results.

In addition to classroom teaching, I've provided one-to-one tutoring for students from diverse academic backgrounds. My experience includes preparing learners for university entrance exams and supporting them through challenging coursework. My goal has always been to instil confidence and a deep understanding of physics, enabling my students to succeed in both academics and their future pursuits.
