Curriculum: [A-Level](#) [IB](#) [IGCSE](#)

Qualifications

University of Bologna: MSc in Molecular Biology (2020–2022)

University of Milan: BSc in Biological Sciences (2016–2020)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

For the past 2 years, I have been teaching A-Level Biology, helping students grasp complex topics such as molecular genetics, photosynthesis, and ecological systems. My work extends to supporting students in IB and IGCSE Biology, where I've guided learners to improve their understanding and achieve higher grades.

I have worked with students from diverse academic backgrounds, tailoring my lessons to align with their specific curriculum requirements. My aim has always been to help students achieve their academic goals while building confidence in their abilities to approach challenging topics. Many of my students have developed a keen interest in pursuing biology further in higher education.
